

After Care Information

After each session

Please monitor your dog and make us aware of any increased lameness, stiffness or if they are overly tired.

Remember to follow any exercise and medication regime recommended by your Vet or Physiotherapist.

Your dog will not require any further exercise on hydro days.

Do not allow your dog to swim in cold outdoor water during your time at Aquavet. We keep our water warm to ensure good blood supply to the muscles for optimum rehabilitation and fitness swims.

We keep your Vet informed of your dog's progress.

Don't forget

Whilst we are happy to deal with your insurance forms for you to claim the cost of your sessions back, it remains your responsibility to check your policy.

We ask for full payment at the end of each session.

Aim to book sessions in advance to avoid disappointment. 10 sessions can be purchased at once and you will receive 1 session free. The sessions can be paid for in 2 or 3 blocks.

We offer a shampoo service for £3.50 following hydro sessions or £1.50 if you wish to bring your own shampoo. Collect 5 loyalty stamps and get a free shampoo!

We have a Canine Physiotherapist, Sarah Edge, who is always willing to discuss any concerns or treatment you may have.

Lisa is a dog instructor so please ask for details should you have any training or behavioural issues. We are also able to order pet foods, toys and treats etc at a reduced price.

If you have any questions please do not hesitate to contact us on 0114 2 583 221.
