**What to wear?**

This is a practical course and you will be working with dogs, so we suggest sensible, comfortable, casual clothing and footwear that won't spoil if it gets a few dog hairs on it!

**What the course involves?**

We provide a coursework folder and this is yours to keep. We will be working through this during the day, and as we only work in small groups, there will be plenty of opportunity for questions and one to one training. Everyone can practice what you have been taught.

**By the end of the course:**

You will be able to recognise potential life threatening situations, perform a top to tail assessment, carry out emergency bandaging using different techniques, first aid and CPR.

**Assessment:**

We carry out continuous assessments, by questioning, scenarios, role-play, practical methods and at the end of the course you will complete a multiple-choice quiz on everything you have been taught to complete the qualification and gain your certificate.

PLEASE BRING A SMILE WITH YOU AND ENJOY THIS, IT IS FOR YOU AND IS YOUR COURSE!!!

We look forward to seeing you on the day. Any questions, please don't hesitate to contact us.
